CREDIT UNION HOLDS ANNUAL MEETING

A 3-percent dividend on share accounts was declared by the members of the FCA Employees Federal Credit Union at the annual meeting on January 22, 1946. About 50 members attended the meeting.

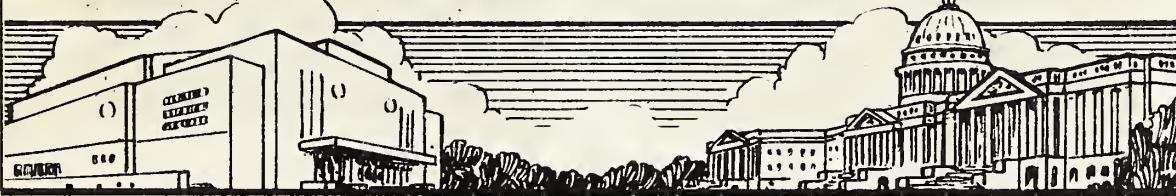

Net income of the Credit Union before transferring 20% to reserve for bad loans in accordance with statutory requirement, was \$1,472 in 1945 compared with \$1,301 in 1944. The 3-percent dividend will require about \$1,400 of the undivided profits, leaving an undistributed balance of approximately \$200.

The number of members on December 31, 1945, was 478 with share balance totaling \$55,637. About 49 percent of these share balances is invested in U. S. Government bonds, approximately 30 percent in Federal Savings and Loan shares, and about 21 percent in loans to the members.

The officers who will serve during 1946 are Russel M. Castello, president, John P. Markey, vice president, Donald R. Warburton, treasurer, Dorothy M. Dyhrberg, clerk. Other members of the board of directors are Walter Hein, George E. Olson, Frances Young, John E. Muller, and Floyd A. Prentice.

The members of the credit committee are Gardner P. Walker, Jr., Paul L. Rapp, Donald A. Russell, Katherine Delany, and Marion R. Garstang. For the supervisory committee, Fred W. Ganley, L. A. Wallace, and Florence M. Middelkamp will serve.

It is requested that the members who have not already done so, present their pass books at the credit union office so that the dividend may be entered.

Upon receipt of special Farm Credit Club membership fee of 50¢, the Grapevine will be mailed for 1 year to former employees of the FCA. It is sent free to all servicemen.

DOUBLE LOSS TO FCA

In one week Farm Credit Administration lost heavily in the deaths of two of its outstanding men.

Milton R. Hoberecht died suddenly on January 30 at St. Luke's Hospital. For the past 2 years Mr. Hoberecht served as Training Officer for FCA and held the respect and admiration of all who had the privilege of knowing him. His friendly smile and cheerful disposition will long be missed.

J. P. Strong, Deputy Cooperative Bank Commissioner, died on February 4 at Research Hospital following an illness of 10 days. Interment will be in Arlington National Cemetery in Washington, D. C. Mr. Strong joined FCA in 1933 and leaves a host of friends made along the way.

Dear Friends:

Thanks for the Christmas card and the Grapevines which are really appreciated. It is very nice to know that a lot of FCA employees are returning from service.

We are supposed to leave here January 30 for San Diego, so I may get to see you again soon. It will be a pleasure to get home and see people I know. Our trip from Eniwetok was very rough and only two ships made the trip without any trouble. The LCI 19 and our ship were the only ones that did not have breakdowns enroute.

I received the news that FCA is to be sent back to Washington, D. C., and am very glad to hear such wonderful news. I know a lot of us want to renew old friendships there.

Thanks again for the cards and the Graphicines.

NEWS OF OUR RETURNED SERVICE MEN

The personnel of FCA has recently been augmented by a considerable number of those returning from the service. General Files has gained F. Gilbert Lagergron, George T. Cairl, and Ernest G. Thomas. Graphic has Willis S. Vail and Sam Weinberg. Others to return to duty with FCA are: Floyd C. Hobbs, to F & A Tabulating Unit; Ruth Clark, formerly with the WACS, to ECFL; Richard Prowitt, to Planning; Burton R. Scanor, to NELA Section; J. E. McJenkin, Jr. to Land Bank; Jack Porterfield, and Nigel Graham, to the Mail Section; and Charles Nelson to Examination. We are indeed happy to have these former employees back with us, and take this occasion to extend to them all a warm "Welcome Home!"

Landon Laird, in his ABOUT TOWN column of the KANSAS CITY TIMES, had this to say recently of one of our ex-servicemen:

"Before Charles O. (Chuck) Nelson, Jr., 3440 Wabash Ave., entered the army, his vocation lay with the Farm Credit Administration, but his avocation was playing the drums. A sergeant who saw 28 months of service in the Pacific, he says nothing much

happened to him except that he was once blown out of a foxhole without injury, and later was snagged by a shell fragment in a leg. His story appears to be an understatement, because he holds the Bronze Star for silencing a Jap machine gun single-handed while evacuating wounded from the battlefield in Luzon.

"Nelson is back in civies and beating the drum at various Kansas City spots. He stoutly maintains thirteen is his lucky number. He was inducted on the thirteenth day of the month from the thirteenth precinct of the thirteenth ward. His only United States furlough started on the thirteenth day of the month, and ran thirteen days. He was released from service on the thirteenth day of the month."

Mr. Laird, however, failed to state that Chuck is back with the Examination Division of FCA.

OUR WASHINGTON REPORTER

It has been like old home week here in Washington - what with lots of Kansas City people dropping in - and then it was so good to see many of our former fellow-workers who have been in the service. Art Weatherbee and George Weinberg look fine and have many interesting stories to tell. Ask George how he rated an air trip back to the States! Carl Bark was in also - in civvies - as peppy as ever. Lt. Comdr. Woolard of the Merchant Marine, formerly of our ECCL Office in Honolulu said he would be in Kansas City next week. Then John Francis dropped in from Chicago, saying he would like to be back in Washington to stay!

We are happy to state that all of us are now settled in our new locations in South Building, but how long this will last no one can predict.

Giff Hoag tells us that R. C. Dorsey has suffered a set-back and is in Walter Reed with the flu and for resetting of the bone in his leg.

DID YOU HEAR A ROOSTER CROW?

Did you hear a rooster crow? Well, he had something to crow about. Hadn't he been invited to the Fact Finding Conference conducted by the American Institute of Poultry in the Municipal Auditorium on Monday and Tuesday, February 11 and 12?

Poultry raisers came from all over the United States to view displays and to exchange opinions between speeches. One of the principal speakers was a member of Agriculture's family, Hobart Creighton, Chief of the Poultry Branch of Production and Marketing Administration.

Machinery for washing, drying, and packaging eggs was exhibited. However, by far the most interest was centered around the crossed breed poultry display of a Kansas professor whose rare Barred Rock chicken, the result of a cross of a white Plymouth Rock rooster with a Rhode Island Red hen, was enthusiastically admired. Is it any wonder the white rooster crowed? - ACB

During the Infantile Paralysis campaign Farm Credit Administration employees handed their contact committeeen 257 March of Dimes cards totaling \$367.35. In addition to that amount FCA girls collected \$286.33 before performances and during intermissions of the Fritschy, Kansas City Philharmonic, and Town Hall concerts. They also helped in the daily collections at the Midland Theater and in downtown restaurants.

In expressing his thanks for Farm Credit's participation in the campaign, Mr. James J. Rick, Chairman of the Jackson County Chapter of the National Foundation for Infantile Paralysis, Inc., wrote "You and your associates always give us 100% cooperation and it has been one of the bright spots in our work. Please extend to the members of Farm Credit Club my personal appreciation of the wonderful cooperation you have always given."

ART FOR ART'S SAKE

If you happen down the 1000 lane on first floor stop in rooms 1005 and 1011 to view the goodly display of sketches. All these drawings are the tangible results of Tuesday evenings' work in 1345-E by the Farm Credit Club's artists. Headed by Tom Pritchard, the members of the group have been meeting every Tuesday evening since early last fall.

All the subjects are Farm Credit employees. But as one of the members recently remarked when the subject took a peak at her sketch: "Don't expect to see what you see in the mirror." Artists' conceptions seem to differ.

Anyone interested in sketching is invited to join the group. Just drop around to 1345-E at 6:30 p.m. on any Tuesday evening.

OFFICE HOURS OF CREDIT UNION

The office of the Credit Union in room 1254 is open from 8:30 a.m. to 3:30 p.m. on payday (alternate Thursdays) and the Friday following, and from 8:30 to 11:30 a.m. on Monday, Wednesday, and alternate Fridays. As the credit committee meets each week on Thursday, members should file loan applications in room 1254 by 11:30 a.m. on Wednesday.

This schedule of hours has been devised to permit distribution of loan checks on Friday morning. Members are, therefore, requested to anticipate their weekend loan requirements by Wednesday in order to give the credit committee, the treasurer, and the assistant treasurer sufficient time to consider the application and process the loan.

DEEP STUFF

A lot of deep thinking goes on in the club room on Monday evenings as evidenced about midnight by ash trays full of cigarette stubs, chairs awry, and scratch pads with "doodling" marks all over them. That's the evening when the four tables of bridge "experts" sharpen up their wits and get together to continue the second bridge tournament. The tournament, which began on January 14, is now entering its fifth week and all are still friends.

Donald Moore plays with seriousness, which probably accounts for the high score of 17,620 placing him presently at the top. Louise Pressgrove, playing in her sparkling fashion comes a close second with 17,550; while Julia Connor, always somewhere near the top, is third with a score of 16,910. But one never knows whose name may skyrocket up overnight what with Marie Puhr substituting and raising bids from 1 to 6 with a suddenness that startles; or with outstanding plays being made by some heretofore "unrenowned" player. Lucille Cramer and George Hinde, playing at the same table, find a lot of amusement in each other's plays, and George, discovering himself in eleventh place, says characteristically "Starting at the top and going down gives one a chance to meet a lot of people."

Everybody contributed a dollar when the tournament began, and when it ends sometime in March there will be \$16 in prizes awarded to the winners, as well as congratulations from those who fell by the wayside but had fun doing so. Regular players include Donald Moore, Louise Pressgrove, Julia Connor, Wolcott

Stanton, Pearl Ferguson, Alice Snuffer, Ellis Batten, Hoyt Elkins, Marjorie Hinds, Lucille Cramer, George Hinde, Alvina Preinkert, Hester Waters, Earl Tonn, Blanche Stone, and Evelyn Gibson, in charge.
